

International Conference On Medical Science Technology

23 & 24 November 2016

Bangi Putrajaya Hotel
Malaysia

Theme: Continuing Challenges in the 21st Century Healthcare

Topic of Interests

1. Body System in Environmental Health

- Occupational Safety & Health
- Public Health
- Environmental Health

2. Nutritional in Healthcare

- Nutritional Science
- Clinical Nutrition
- Nutrition in Life Cycle
- Sport Nutrition
- Food Science & Technology

3. Clinical Laboratory & Biomedical Science

- Histochemistry & Cell Biology
- Biochemistry
- Genetics & Molecular Biology
- Immunology
- Microbiology
- Pharmacology
- Microscopic Research & Technique
- Pathology & Laboratory Medicine
- Hematology
- Anatomy & Physiology
- Toxicology
- Psychology

4. Entrepreneurship in Healthcare

- Medicinal Herbs
- Postnatal & Confinement Products
- Complementary Medicine
- Wellness & Beauty
- Cosmetic Products & Research

Speakers

- ◆ **Prof. Dr. Lisa Roberts**, Deputy Vice-Chancellor for Research & Innovation, University of Leeds
- ◆ **Prof. Dr. Rusli Nordin**, Monash University
- ◆ **Dato' Dr. Fadilah Kamaludin**, Director, Institute for Medical Research, Malaysia
